Hi Chris-

Your email in regards to the Malibu PCB situation was passed on to me. For future reference, I am serving as the public liaison for EPA on matters related to PCBs and the SMMUSD.

I have attached a few letters and links to other documents that may help alleviate some of your concerns. EPA is committed to ensuring a safe school environment at Malibu High School and we believe the actions taken by the School District are appropriate.

<http://www.epa.gov/epawaste/hazard/tsd/pcbs/pubs/caulk/pdf/caulkexposure.pdf> - EPA's national approach to PCBs in schools is presented in this fact sheet.
